Junior .NET Developer

Description

About Us

Bit & Byte Lab is a dynamic and innovative software development company passionate about building cutting-edge applications. We believe in cultivating a culture of continuous learning, innovation, and collaboration. If you're eager to enhance your technical expertise and grow with a team that values skill over titles, this is the place for you.

Job Description

We are looking for an enthusiastic **.NET Developer Intern** / **Junior .NET Developer** who is eager to learn and contribute to real-world projects. This role is perfect for someone passionate about coding, problem-solving, and developing high-quality applications using .NET technologies. While the compensation might not be the most competitive, the experience and skills you will gain here will be invaluable to your career growth.

What You'll Learn & Do

- Work on live projects and gain hands-on experience with **ASP.NET, .NET Core, C#, and SQL Server**.
- Collaborate with senior developers on building web applications, APIs, and backend services.
- Get exposure to cloud technologies (Azure, AWS) and DevOps practices.
- Improve your coding standards, debugging, and software development best practices.
- Learn about software architecture, design patterns, and efficient database management.
- Work in an Agile environment, participate in stand-ups, and contribute to project discussions.
- Fix bugs, optimize performance, and implement new features in existing applications.
- Gain mentorship from experienced developers who will guide you through industry best practices.

Who We're Looking For

- Passionate individuals who **love coding and problem-solving**.
- Basic knowledge of **C#, ASP.NET, and SQL** (academic projects or personal projects count!).
- Familiarity with **HTML, CSS, JavaScript**, and front-end frameworks is a plus.
- Someone who **wants to learn** rather than just earn.
- Good communication and teamwork skills.
- Ability to adapt to new technologies and challenges.

Why Join Us?

⬜ **Intensive Learning Experience** – Gain real-world skills that will set you apart in the job market.
⬜ **Hands-On Mentorship** – Work closely with industry professionals who genuinely care about your growth.
⬜ **Career Growth Opportunities** – A strong foundation in .NET development can open doors to exciting career prospects.
⬜ **Flexible Work Environment** – Depending on the role, we offer hybrid/remote options.
⬜ **Chance to Work on Exciting Projects** – Get exposure to real-world applications, not just test cases.

At **Bit & Byte Lab**, we invest in **people over paychecks**. If you are passionate about software development and willing to **trade short-term financial gains for long-term career growth**, apply now and become part of a team that values knowledge above all else!

Job Types: Full-time, Internship, Fresher

Contract length: 3 months

Pay: From Rs10,000.00 per month

Work Location: In person

Responsibilities

- Develop, test, and maintain **ASP.NET and .NET Core applications**.

- Assist in designing and implementing **database solutions** using SQL Server.

- Debug and troubleshoot software defects and provide solutions.

- Collaborate with the development team to integrate front-end and back-end components.

- Participate in **code reviews** and improve coding standards.

- Implement new features and optimize existing functionality.

- Work on API development and integration with third-party services.

- Stay updated with emerging .NET technologies and best practices.

Qualifications

- **Fresh graduates** in Computer Science, Software Engineering, or a related field (preferred).

- Basic understanding of **C#, ASP.NET, and SQL** (academic or personal projects count!).

- Familiarity with **HTML, CSS, JavaScript**, and front-end frameworks is a plus.

- Strong problem-solving and analytical skills.

- Good communication and teamwork abilities.

- Passion for learning and adapting to new technologies.

Job Benefits

- **Extensive Learning Experience** – Gain real-world, hands-on exposure to .NET development.

- **Mentorship & Guidance** – Work closely with experienced developers who will help accelerate your growth.

- **Career Growth Opportunities** – Build a strong foundation that can lead to full-time roles in the industry.

- **Flexible Work Environment** – Hybrid/remote options available depending on the role.

- **Exciting Projects** – Work on real-world applications, not just hypothetical exercises.

- **Networking Opportunities** – Connect with industry professionals and expand your career prospects.
